

Участь у міжнародних заходах для
розширення зв'язків науковців і винахідників
з іноземними підприємствами та побудови
нових ділових та технологічних партнерств.

Швед Наталія
14 грудня 2021

Стратегічні пріоритетні напрями інноваційної діяльності

1. Освоєння нових технологій транспортування енергії, впровадження енергоефективних, ресурсозберігаючих технологій, освоєння альтернативних джерел енергії
2. Освоєння нових технологій високотехнологічного розвитку транспортної системи, ракетно-космічної галузі, авіа- і суднобудування, озброєння та військової техніки
3. Освоєння нових технологій виробництва матеріалів, їх оброблення і з'єднання, створення індустрії наноматеріалів та нанотехнологій
4. Технологічне оновлення та розвиток агропромислового комплексу
5. Впровадження нових технологій та обладнання для якісного медичного обслуговування, лікування, фармацевтики
6. Широке застосування технологій більш чистого виробництва та охорони навколишнього природного середовища
7. Розвиток сучасних інформаційних, комунікаційних технологій, робототехніки

Зустрічі B2B - як це працює?

Подія віртуального партнерства - це швидкий і простий спосіб зустріти потенційних партнерів по співпраці в режимі онлайн / віртуальних переговорів через B2Match. Використовуйте бажано комп'ютер, на якому встановлені веб-камера та мікрофон. B2match інтегрує рішення для відеоконференцій, яке працює через Інтернет-браузери.

Таким чином, не потрібно встановлювати додаткове програмне забезпечення.

Віртуальні зустрічі - реєстрація та зустрічі

Реєстрація

- Зареєструйтесь за допомогою зеленої кнопки "Зареєструватися зараз".

Опублікуйте профіль бізнесу, щоб продемонструвати свої потреби

- Створіть чіткий та стислий бізнес-профіль, щоб підвищити вашу популярність на цій платформі.
- Заповнивши **Marketplace Opportunities**, ви можете описати свою пропозицію та / або запит потенційним партнерам.

Ваша реєстрація закінчується після активації вашого профілю організаторами.

Зверніть увагу, що перед активацією необхідно заповнити принаймні одну можливість Marketplace.

Зареєструватися зараз

Відкрито до 30 червня 2021 року

Startup / Scaleup
Bengaluru, India

OVERVIEW

MARKETPLACE

About

Zolnoi is an AI-tech startup based in Bengaluru and pre-seed funded by Entrepreneur First, a UK-based investor. We are solving the problem of manufacturing inefficiency through an AI-first SaaS product that utilizes data for analytics and maintenance management. Our founder brings international tech expertise through his Ph.D. in machine health prognostics from the National University of Singapore and a Master's in Robotics from the UK. The product is based on an extensive 5+ years of research, tested on 10+ industrial applications. We have delivered pilots for three medium-to-large scale manufacturers. Our collaborative customer-first approach aims at easy-to-implement technologies and faster-to-value products.

Integrate+ SaaS platform for Maintenance Management. AI-First | Domain-Tuned | End-...

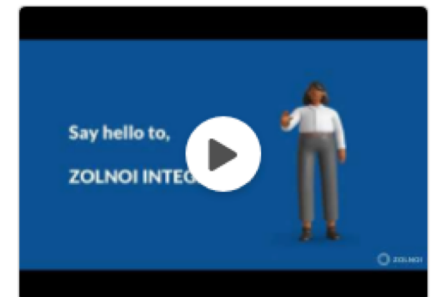

Unplanned downtimes have cost global manufacturers Trillions of dollars of lost production capacity annually. Industry 4.0 has existed as a concept for a decade but has limited on-ground implementations. The adoption challenge is caused due to unavailability of useful data, complexity of machine learning development, and lack of integrability with existing SOPs. ...

MEETINGS

Main topics covered by the matchmaking event:

- Smart cities and communities, ICT for cities
- Smart mobility and logistics, MaaS
- Energy-efficiency of buildings and districts
- Renewable energies, energy management and recovery, smart grids and energy systems integration
- Circular economy and nature based solutions for urban districts
- Smart, healthy and secure living

The event will also focus on European Research and Innovation opportunities under the new Horizon Europe Programme.

In addition to the brokerage meetings, several parallel activities will be organized, to get the most out of this one day event:

- **Horizon Europe Webinar:** NCP Brussels will host a webinar to present funding opportunities under the new Horizon Europe Programme. Topics cover Green Deal related priorities such as: energy, mobility, environmental and circular economy based solutions and actions for more inclusive and secure cities. **This webinar is restricted to participants that have also signed up for B2B sessions.** Find out more about the programme on the website of [NCP Brussels](#).
- **Tech4SmartCities Pitch session 2021:** you have an innovative technology and are you looking for financial investors? Apply to the [pitch session](#), 6 companies will be selected to present their project idea to a panel of potential investors.
- **NEW in 2021: Thematic webinars:** you wish to get inspired by examples and business cases from the circular economy, digital and mobility sector that illustrate opportunities and challenges that cities are facing in their transition to become climate-neutral, sustainable ecosystems? Sign up for one or more of the [thematic webinars](#).

Health Tech Hub Styria Pitch & Partner 2022

[Home](#) [Corporate Call](#) [Investor Pitching](#) [Experts' Panel](#) [B2B \(FAQ\)](#) [Workshops](#) [HEU Cluster "Health"](#) [Venue](#) [Contact](#)

We are delighted to announce that Health Tech Hub Styria Pitch & Partner 2022 will be a hybrid event! Please do come and join us in Graz, it would be great to see you again in person. For participants who however cannot make it to Graz, we are planning to stream our sessions on 27th January, so you may take part remotely from the comfort of your (home)office.

The workshop and B2B meetings on 28th January will be fully virtual.

Future Horizons: How do health and space tech go together?

This is only one of the many questions that will be discussed during this event.

Register now

Open until 27 January 2022

LOCATION

Med Campus Graz, Austria, and online

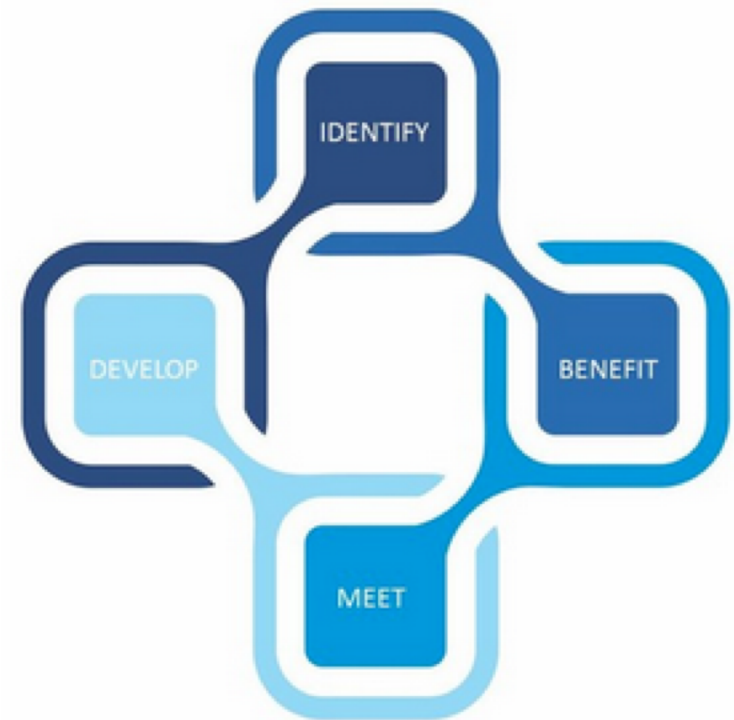

ORGANISED BY

For whom?

Healthtech and biotech players like:

- Start-ups
- Researchers
- Investors
- Companies
- Industry
- End users, hospitals, physicians etc.
- E-health experts
- Regional and national stakeholders

What can you expect in 2022?

- Get inspired by exceptional keynotes
- Present your project idea and/or company at our investor pitching
- Get an overview of what's going on in the health-tech and biotech scene
- Take part in a corporate call
- Make promising contacts in pre-arranged meetings
